Remarks: called me and confirmed
what (see attached
Routing Slip) — that they cannot furnish this
additional service. They are losing four couriers
by the 18th and will have to eliminate all specials
or two regular runs. George also informed me that
"efficient utilization of manpower" means that DIA
has also had a cut and it is more efficient for
them to have us take over some of their work. I
see no alternative to saying "no" to DIA except
cutting down further on our present service.

S-8494/AQ-3

SUBJECT: (U) Delivery of CIA Intelligence Materials

TO: Central Intelligence Agency
Washington, D. C. 20205
ATTN: Deputy Director, Support

1. CIA presently delivers bulk shipments of intelligence materials destined for DoD recipients to the DIA mail center located in the Pentagon. From this point, the documents are transshipped to the DIA Dissemination Center located at Arlington Hall Station, Virginia. In the interest of efficient utilization of manpower, maximum economy, and expeditious handling of CIA intelligence products, it is requested that CIA deliveries of intelligence materials, with exceptions noted in paragraphs 2 and 3 below, be made directly to the DIA Dissemination Center loading platform located at the rear of Wing 4, Building "A", Arlington Hall Station.
2. The DIA mail center presently expedites delivery of certain CIA publications to Pentagon recipients. Since continuation of this service is desirable, request that CIA ship to the DIA mail center the following publications in quantities indicated:
 - a. Current Intelligence Digest (32)
 - b. Current Intelligence Weekly Summary (49)
 - c. National Intelligence Potential (14)
 - d. Special Reports (those addressed to Pentagon recipients by name and/or title) (quantity varies).
3. This request concerns only the delivery of bulk shipments of intelligence materials intended for distribution by the DIA Dissemination Center. It is not intended to alter in any way the existing arrangements for direct courier delivery of USIB-associated documents to OSD, JCS, DIASC-1 and the Intelligence Chiefs of the Military Departments.
